The metro runs from 5:00 AM to 1:00 AM daily, with extended all-night service on Fridays and Saturdays.
- **Getting to and from the airport:** Essentially there are 3 main options:
  - Arlanda Express- Leaves from T-Centralen to all airport terminals ( 18 minutes)
  - Flybussarna: Leaves from T-Centralen and other parts of the city too towards airport terminals (not 5!) ( 45 minutes).
  - Commuter trains: you pay with your personal public transport ticket, needs more navigation and patience, contact one of the organizers for more information
- **Emergency Numbers:**
  - 112: danger to life, property or environment
  - 1177: Medical Advice Number
